

New Development/Plat Roads

New London Township requires that all roads included in new plats and subdivisions must be tarred and meet all Kandiyohi County requirements and specifications before being accepted by the town board.

This policy was adopted by the New London Township Board of Supervisors at their July 30, 1992 Board Meeting.

County Specs as of July 28, 1994: 24' wide, 4" thick with 100' cul-de-sac.
